Hoffman Landscapes  
647 Danbury Rd  
Wilton, CT 06897

Dear Hoffman Landscapes,

Thank you so much for sponsoring our educational forum, Lyme Disease: Your Body, Your Brain. With your support, including your generous \$1000 donation, we have opened the eyes of many in our community to Lyme disease and co-infections and the devastating effects they can have on those they strike. It was thrilling to see how many professionals attended the event and were so anxious to get answers for their many questions.

Our team is working to create a video highlighting the forum which we will share with you upon completion. Hopefully, it will be an informative and useful tool for all of us who are trying to help patients and caregivers understand this insidious disease.

Again, many thanks from Time for Lyme for sponsoring our event as we continue to support those who are suffering from Lyme and raise awareness and funds for much needed research.

Sincerely,

Diane M. Blanchard

Deborah L. Siciliano
